

CITY OF 10,000 PEOPLE DESTROYED BY QUAKE

LIMA, Peru, Aug. 21---There was another heavy earthquake shock at Valparaiso last night. According to the latest reports received here from the scene of the earthquake, the town of Quillota, situated about 26 miles from Valparaiso and having a population of some 10,000 people has been completely destroyed. At Lima this morning there was a slight shock and Huacho was shaken by an earthquake yesterday.

CITY OF VALPARAISO A COMPLETE WRECK; DEAD EVERYWHERE Series of Slight Temblors Put Homeless People in a Panic.

SANTIAGO, Aug. 21.—Santiago is still practically isolated telegraphically from all other parts of Chile, but an improvised line to Los Andes connecting with the European cables is working. No really definite news has been received here from Valparaiso except the governor's official report to the president, outlining the situation and adding that he earnestly requests reinforcements of troops, which today were sent to him by forced marches.

PANIC PREVAILS.

The governor says the only illumination of Valparaiso at night is that furnished by the burning buildings. Difficulty is experienced in burying the bodies of the dead owing to the panic prevailing.

The authorities at Valparaiso have also to contend with serious difficulties in succoring the wounded, owing to the fact that all the drug stores apparently were destroyed and some time elapsed before medical supplies from this city reached the stricken port.

The state of affairs existing at Valparaiso furnishes a serious outlook for Santiago, since many of the homeless people at the former place will undoubtedly make their way here and there is not sufficient accommodation or food in this city for the destitute people of Santiago.

The lighting and fuel question is also growing more serious here, since no coal can be brought to Santiago owing to the railroad being damaged north and south of this city.

BODIES UNBURIED.

A dispatch received here from Lima says that a hundred bodies there remain unburied and that the authorities up to the present time have only been able to bury 200.

The villages of San Francisco and Limache have been totally destroyed, including the hospitals, churches and all the public buildings.

The task of the authorities in the present situation became easier today

on account of the fact that telegraphic and telephonic communication was re-established between Valparaiso and Santiago, enabling the governor of Valparaiso to consult at length with the authorities here. Nothing definite appears to be known regarding the number of people who lost their lives as a result of the earthquake and fires at Valparaiso. The authorities there only mention having taken 60 bodies from the ruins, though they add that the number of injured is very great.

TOTALLY DESTROYED.

All reports agree in saying that the Alameda and the southern districts of Valparaiso suffered the most severely. According to some of the reports, Valparaiso may be said to have been totally destroyed, it being asserted that nearly all the houses which remained standing have been so shaken that they must be pulled down. One of the travelers who arrived here today says that more than 300 persons were killed in that part of Valparaiso known as the port, and that 800 persons were injured there, but it is impossible to verify his statement.

The majority of the inhabitants of Valparaiso are camped on the hills surrounding that city, the parks and in the main thoroughfares. Many have sought refuge on board the vessels at anchor in the bay. Martial law continues there.

SUPPLIES FOR INJURED.

An ambulance train left here today for Valparaiso with a large supply of medicines, etc., and a detachment of medical students have volunteered to assist the earthquake sufferers. The train also took a quantity of provisions. Supplies of food and medicines have also been sent to other towns which have suffered from the earthquakes.

Preparations are being made to resume trading on the Santiago stock exchange, interrupted since the earthquake, and the principal financial houses are taking steps to guard against a financial panic.

LAD TRIES TO TAKE HIS OWN LIFE STRIKE OF CARMEN A WEEK OFF FIRE TAKES A TOWN FOR ITS OWN FALLS IN A HEAP WITH RUNAWAY HORSE VESSEL IS POUNDING AGAINST ROCKS

Prevented Once, He May Have Made New Effort.

BERKELEY, Aug. 21.—August Weisenhaven, a seventeen year old student of the Berkeley high school, has mysteriously disappeared and his friends fear he has succeeded in carrying out a determination to end his life, a previous attempt on which he is reported to have made several days ago.

Officer McCoy, of the local police force, is authority for the statement that young Weisenhaven endeavored to terminate his existence a few days ago by jumping into the bay. McCoy says he arrived on the scene barely in time to frustrate the lad's design, forcibly preventing him from carrying out his purpose.

Weisenhaven's friends are searching for him and as a result of their efforts it has been discovered that the young man's troubles have to do with his family affairs. His father was recently committed to the Napa asylum and he is also said to have had a disagreement with his mother and sister. McCoy says that young Weisenhaven recently killed all his school books to different ones of his classmates, and made the preparations to commit suicide, which ended in the officer's discovery.

dered dreadful by flashing lightning and pouring rain, the electric cables and wires snapping as a result of the constant strong earth shocks which occurred all that night, causing the greatest consternation, which was heightened by the pealing of the fire bells announced the breaking out of fires in various quarters of the city.

WAILS AND PRAYERS.

Each earth shock was followed by wails and prayers from the people who were kneeling in the rain and mud. The first great shock lasted four minutes and fifty seconds. Such a long shock had never occurred before in the memory of any inhabitant of Santiago. It caused the bells of the churches to ring, pictures swung out from the walls and there was a great, heaving motion of the ground. Experts say that the only thing which saved Santiago from complete ruin was that the motion was circular. The principal shock was from Valparaiso to Santiago and Meripilla, with its center at Limache. The last two mentioned towns were destroyed, as also were Quillota and Llalilal.

PREDICT QUAKE.

The statement that the approach of the earthquake was announced by the naval observatory at Valparaiso two days previous to its occurrence, is confirmed. The news was published in the Chilean press on Wednesday, August 15th, the day before the earthquake occurred.

A dispatch from Santiago today announces that President Riesco is preparing to leave for the capital.

Employees Agree to Postpone Action if Possible.

SAN FRANCISCO, Aug. 21.—There will not be a strike among the carmen for at least a week. This is the information given out at the Mayor's office. The men are demanding \$3 a day on the ground that their work is much more laborious at the present time than before. Every car is crowded to the limit.

In the meantime there will be several consultations with the officials of the United Railroads and every attempt made to bring about an amicable adjustment. Mayor Schmitt believes that there will be no strike.

MANY ROBBERIES REPORTED TO POLICE

A shed in the rear of a new house on Fifty-third street, between Shattuck avenue and Dover street, was entered on two occasions, and tools stolen in both instances. The tools were the property of G. H. Lucas of Twenty-fourth and Grove streets. They have been recovered in the local pawnshops.

Charles Neal, a cook in the Oyster Leaf restaurant, on Ninth street, reports that his trousers pockets were rifled and \$1.50 secured. Neal says that the robberies are of a frequent occurrence among the employees of the place.

John Lubi has reported that his room in the Pullman house was entered yesterday and a watch and chain stolen.

Miss J. Harrington, of 519 San Pablo avenue left her Hartford wheel in the rear of the store of 321 Grove street and it was stolen. She has reported the theft to the police.

George B. M. Gray, of 455 Ninth street, reports that his dark bay mare and a red-wheeled black surry, valued at \$800, were stolen from in front of his place yesterday.

ORDERED TO PAY.

John W. Bowers, the contracting shingler who recently was denied a divorce from his wife, Lillian Bowers, and who gained much notoriety because of a hypnotic ball which was introduced in evidence, finds that his legal troubles are far from being at an end. Although it was related in court that he had been in the habit of holding the hypnotic ball in front of his wife's eyes and calling "going, going, gone," he finds that she has not gone worth a cent and today Judge Ogden issued an execution against his property in Vallejo to compel him to pay his wife back alimony to the amount of \$48.

SUES FOR DIVORCE.

Charles C. Parrish today filed suit for divorce against Eva B. Parrish on the ground of desertion. Attorneys Hyman and Brown represent plaintiff.

Mining Community Is Wiped Out and 2 Killed by Flames.

RENO, Nev., Aug. 21.—The mining town of Johnsville, Plumas county, California, was practically wiped out of existence by fire. Two lives were lost and twenty-five buildings were destroyed.

The two who were killed were Patrick Dunn, an old resident of Plumas county and Ivan Vovich. Both men were miners.

GEORGE COPE'S DEATH DUE TO EARTHQUAKE

SAN FRANCISCO, Aug. 21.—General regret is expressed at the custom house over the death of George Cope, who died suddenly on Sunday at Brookdale in the Santa Cruz mountains.

Cope was a son of the late Judge W. W. Cope, and for a long time was a well-known broker. In 1892 he was appointed auditor of the custom house, a position which he filled with high credit to himself for nearly fourteen years.

The shock of the events of April 18 and the succeeding days are held responsible for his death, as he was not well at the time, and insisted on attending to his duties, which had been much increased in volume by the calamity. He broke down a few weeks ago and went to the Santa Cruz mountains in the vain hope of restoration to health.

WESTERN PACIFIC WOULD CONDEMN LAND

The Western Pacific Railway Company has filed two more condemnation suits for a right of way through property in Murray and Pleasanton townships. One suit is against Mary O'Brien, the property being 6.7 acres in Murray township while the other is against William Day and H. H. Ellis, owners of land in Pleasanton. The company wants a strip of their land 1.19 acres in extent.

Teamster Performs a Daring Deed and Escapes Unhurt.

One of the most daring efforts at stopping a runaway, and one of the most wonderful escapes from instant death that has ever been seen here, was that of James Kennedy, a local teamster, who, shortly after noon today, rushed into the middle of Franklin street near Eighth, threw his arms around the neck of one of two wildly dashing horses and put an end to the animals' mad career, although he and the horse he had grasped with fell in a heap together on the pavement.

Why Kennedy was not instantly killed or terribly crushed when the horse apparently fell on him will never be explained. All that is known is that he crawled out from the mixup without a bone broken, and scarcely a bruise.

The team, which is the property of the San Francisco Produce Company, has been left feeding near Adams' wharf, by the driver, Frank Deritto, when it suddenly broke away and started toward the water. Tom Calder, another teamster for the same company, managed to turn the horses in the opposite direction, and thus prevented them from jumping off into the water. They then dashed up Webster street to Seventh, thence to Broadway, and then turning, ran back on Seventh to Franklin, turning north. At the point named Kennedy saw the danger and effected his thrilling rescue. He was at once the hero of the immense crowd that congregated and lavished praises on him, while the gratitude of Deritto, who had followed his team, scarcely knew any bounds.

VALUABLE ESTATE.

E. J. Stewart, C. D. Rogers and Ezra Decoto have appraised the estate of the late C. T. Johns, formerly a well known prominent attorney of this city at \$2,615.41, the whole of the estate being separate property. The estate consists of money in bank, promissory notes and real property in this city and county.

Leaks Amidships and Is Slowly Drifting Close to Shore.

HONOLULU, Aug. 21.—The stranded steamer Manchuria, it is generally believed, and the general opinion of those at the scene of the wreck is that the vessel is doomed. Four of her eight boilers have been rendered useless by repeated shocks against the reef, damaging their foundations. The port engine also is out of commission on account of the breaking of its main pipe.

The vessel is believed to be about twelve feet further inshore than when she struck, in spite of almost constant tugging in the opposite direction, and she is leaking amidships. Apparently the steamer rests amidships on a patch of hard coral over which she rolls and pitches as on a pivot, pounding especially hard on the port bilge. Every shock jars her terribly from bow to stern. Captain Saunders says the only chance to save the ship is to float her soon. It is doubtful whether there is power enough in Honolulu to do so, and aid from San Francisco is wanted.

EFFORTS TO SAVE.

Efforts to pull the vessel off have been abandoned for the present, but at high tide this afternoon a great effort will be made. Every available steamer is being sent to the scene of the disaster, and it is believed that the Manchuria will use her starboard engine if still able to do so. Captain Saunders shows that he is suffering from the strain he is under, but he still assumes all the blame. He is receiving many expressions of sympathy from the passengers. They are demanding that the steamship company provide them with accommodations.

ON TOP OF POLE.

Walter Rogers was found last night by Policeman Peckhart astride of the top of a telegraph pole at the corner of 47th and West streets. The man had a pair of pliers in his hand, and it is believed that he either desired to play a prank and shut off the power of the Bay Counties Power company, which is transported through the line on this pole, or that he wished to steal some of the wire. He is now being detained by the police, awaiting an investigation of the case.

THOUSANDS PRAY IN MUD AND RAIN

SANTIAGO, Chile, Aug. 20, Monday, 6 p. m.—Only now can the seriousness of the catastrophe begin to be appreciated. The greater part of the modern houses are unsafe for habitation and the authorities have organized a special corps to pull down the tottering buildings. In most of the streets,

it is not safe to walk on the pavement owing to falling debris.

Santiago resembles a camp. The public squares and the principal avenues are crowded with people sleeping in the open. All kinds of carriages and cabs have been requisitioned to sleep in, or even under them.

JUMPS FROM MOVING TRAIN

Man Takes Berkeley Local by Mistake and Is Hurt Correcting Error.

George Hess, a teamster of San Francisco, jumped from the Berkeley local train near tower two last evening and sustained multiple and extensive lacerated wounds of the cheeks and forehead as well as contusions of the right knee. He was treated at the receiving hospital by Dr. Koford. Hess took the Berkeley train by mistake, presuming that he was on the Oakland local. When he discovered his error, he decided to jump from the moving cars and go back to the mole to await the starting of another local for Oakland. He landed on his feet, but was thrown heavily forward on his face and was picked up in a half-conscious condition by State Policeman W. L. Goodwin and taken to the hospital.

CHILD'S ELBOW IS CRUSHED IN FALL

BERKELEY, Aug. 21.—A painful accident befell little Emily, the nine-year-old daughter of Mr. and Mrs. H. Whitaker of 1227 Bonita avenue yesterday. The little girl had been playing on a pile of shingles when she accidentally slipped and fell to the ground. Her left elbow was crushed and broken in the fall.

Emily was carried into the house and Dr. Farrar called. The physician administered chloroform and on account of the fact that the child had just eaten a hearty meal the anesthetic brought on a collapse.

It was fully an hour before the physician got his patient out of danger. Mrs. Whitaker swooned as the result of the accident to her child.

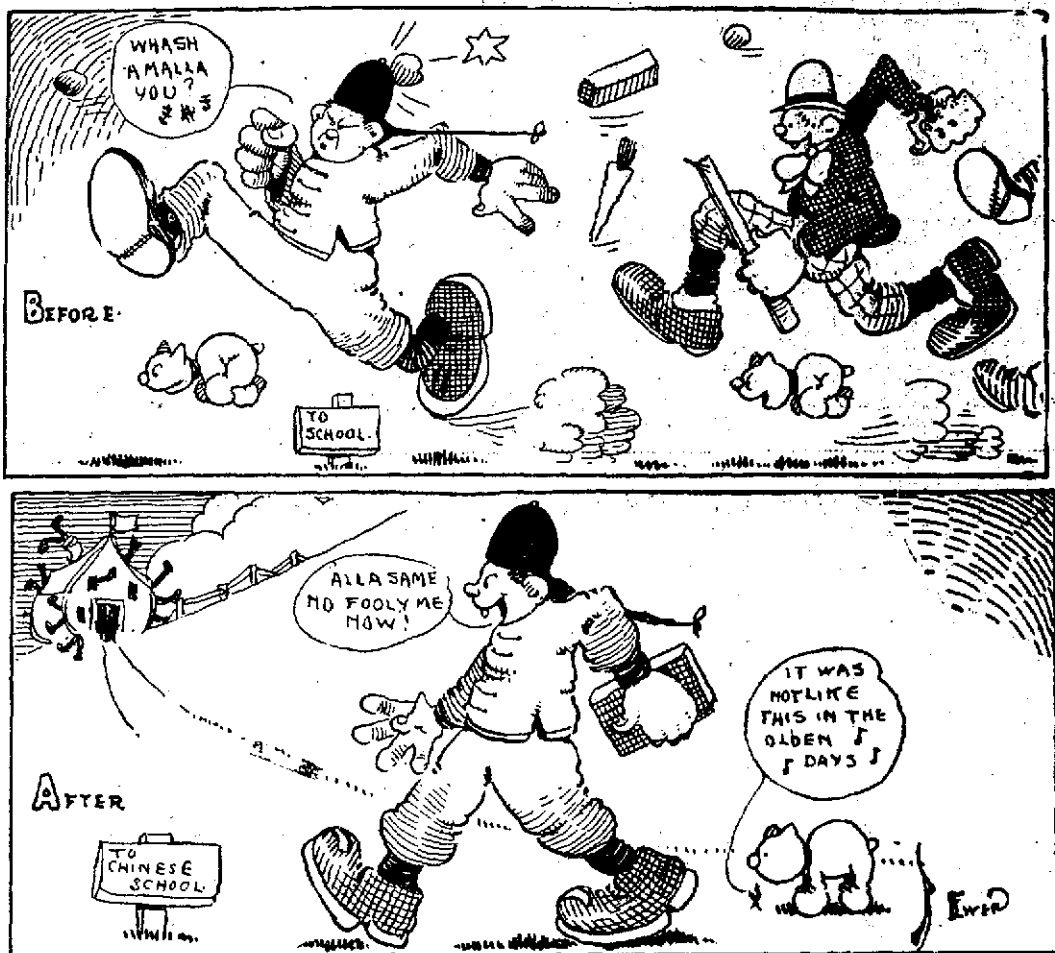

BRAKEMAN RUNS AFTER TWO BOYS.

BERKELEY, Aug. 21.—The Southern Pacific local was stopped near Ashby station yesterday and the brakeman sent to capture two boys who threw a rock through the window of the train while it was moving rapidly towards the city.

Brakeman J. N. Yulie made the capture of the youngsters who gave their names as Willie Johnson and Frank Barz. Yesterday afternoon a warrant was sworn out by Southern Pacific Detective J. Maloney, for Johnson, charging him with malicious mischief.

The Yellow Fever Germ has recently been discovered. It bears a close resemblance to the malaria germ. To free the system from disease germs the most effective remedy is Dr. King's New Life Pills. CHINESE CHILDREN CONSTITUTE REAL "YELLOW PERIL" AT LINCOLN SCHOOL

The cartoonist's "before and after" picture of the Chinese question when it relates to American school life. So numerous have the Chinese lads become in Oakland that the Board of Education is considering establishing a school for them.

Are Crowding Out White Students and Board of Education May be Forced to Erect Special Building.

The objection of white children to too close familiarity with Chinese youngsters will no doubt compel the Board of Education to establish a special school for celestial students. Just now the Chinese are crowding out from the Lincoln school those who have been in the habit of attending there.

In the opinion of President Pratt of the City Board of Education, it will be necessary sooner or later for the city to erect a school building exclusively for the use of the Orientals. He declared last night at a meeting of the School Board that such is his belief.

SERIOUS PROBLEM. There is no doubt that in the ques-

tion of the instruction of the Oriental problem the School Board is face to face with the serious problem. Little Chang is not a pleasant seatmate, because he brings with him the man's odor of his Chinese home, and some white children are so fastidious as to object to this. They do not like the propinquity of a little Chinese boy or girl who has just breakfasted off of chop suey, shark's head or rat tails, or something of that sort. Besides all this, the presence of the Chinese children must certainly lead the white ones to mischief. What healthy American boy and girl can resist the temptation to give a little tug to some ambitious pigtail that hangs enticingly from the crown of some Chinese student sitting in front of him? It is better on the whole to

remove these temptations by putting the Chinese in a separate building than to permit such temptations to exist.

Since the earthquake and fire across the bay it has been necessary to give over to the Chinese the entire room in the basement of the Lincoln School. It was at first proposed that one of the rooms in the Harrison Street School be used for the Chinese children, but it was later decided—in order to avoid friction—to keep them all in the basement of the Lincoln School for the time being at least. It was the opinion of those in attendance, however, that finally it would be necessary to prepare a building exclusively for their use.

Prior to the earthquake there were but ten or fifteen Chinese scholars but now there are about eighty.

TRAGEDIES MARK FATHER'S LIFE

Parent of Russell Colby Lost Another Son and Wife Suicided.

BERKELEY, Aug. 21.—The finding of the body of Russell Colby, the seventeen-year-old son of Professor Colby of the agricultural department of the University, calls to mind the tragedies that have occurred in the family in the past few years.

Identical with the incidents that surround the drowning of Russell Colby is that of a six-year-old son of the University servant who was drowned in a northern resort a number of years ago. As the result of the drowning Mrs. Colby killed herself.

Russell Colby was not the son of the present Mrs. Colby, but nevertheless she has been prostrated by the news of the drowning of her stepson.

Professor Colby has been connected with the University of California for many years. He is a graduate of the State Institution.

JAPS ATTACK HACK DRIVER

Fierce Battle Follows—Brown Men Are Routed and Then Arrested.

SAN FRANCISCO, Aug. 21.—Frank Riordan, a hack driver residing at the corner of Austin and Franklin streets, was set upon early this morning at the corner of Bush and Buchanan by a number of Japanese, who beat him with a "black jack." He gave the little yellow men battle and was assisted by Cornelius Sanchez. The Japanese were routed and started to run. They were intercepted by Policeman C. T. Francis, who placed them under arrest. They were taken to the O'Farrell street station and charged with assault with a deadly weapon.

Riordan was taken to the Central Emergency hospital, where the wounds in his scalp were stitched together.

ENTERPRISING STUDENTS MAY BE PUNISHED

BERKELEY, Aug. 21.—The faculty at the University is investigating the raising of the sophomore pennant on the University flagpole. The perpetrators of the deed will be sought out and it is likely to go hard with them for this breach of University etiquette. Very few of the college folk had known that a sophomore banner had been raised right before last. The pole was decorated with a piece of white bunting with a very dim looking "98" painted on it, so that even the students who were not directly connected with the incident of the raising of the flag knew of its existence.

Nelson-Gans Excursion

For those desiring to witness the coming contest, the Southern Pacific company is arranging to run a special excursion train of Pullman Sleepers to Goldfield. Train will leave San Francisco, Ferry depot, at 10:30 p. m., September 1. Returning, leave Goldfield at 11:30 p. m., September 3. A rate of \$5 for the round trip will be made from Oakland, Alameda, Berkeley, Stockton, Sacramento, as well as San Francisco—members of the party having the privilege of occupying sleepers while at Goldfield. Tickets will allow of those not desiring to return with the special train to return on any train up to and including September 10. Those of the excursionists desiring to stop over at Truckee for the purpose of visiting Lake Tahoe may so arrange on the return trip. For further information see Southern Pacific Co., 12 San Pablo avenue, Oakland, Cal. Phone Oakland 548.

DENIES MAKING A CONFESSION

Herrington, in County Jail on Arson Charge, Says He Did Not Own Up.

This morning in department two of the police court, Thomas M. Herrington, alias Frank Lewis, accused of arson by Detective S. C. Hodgkins, asked for a speedy hearing of his case, through his attorney, Colonel W. H. O'Brien. The case was set for hearing before Judge Samuel on August 25th. Herrington's bond has been fixed at \$5000 or \$2000 cash bail.

Attorney O'Brien stated that his client was charged with a serious offense and not being able to secure bail, he desired to have his examination as soon as possible.

Contrary to the statement of the police yesterday that he had confessed to the crime of setting his house on fire in January of last year, in order to secure the insurance, Herrington stated in an interview that he absolutely denied ever having made a confession.

Herrington dropped into oblivion shortly after his home burned, and he did not come again into the limelight of public gaze until several days ago when he fired a shot at Walter Watt, whom he accused of attempting to win the affections of his wife, who was Biddy Brown.

Detective Hodgkins heard of the man and placed him under arrest, upon the charge of arson.

TO MANAGE BIG ELECTRIC COMPANY

Alpheus W. Clement has resigned his position as cashier of the Realty, Bond and Finance Company to accept the position of manager of the Northern Electric Company and the Valley Syndicate, the enterprises in which Henry A. Butters, Charles Butters and their associates are promoting in the northern counties. These two corporations are developing electric power and constructing electric railroads on a large scale. Mr. Clement will give them his undivided attention. He is a capable, energetic, popular man with a wide circle of friends and will doubtless make his mark in his new position.

ENDORSE CANNON FOR PRESIDENT

Illinois Republican Convention Will Strongly Back Present Speaker.

SPRINGFIELD, Ill., Aug. 21.—Before the Republican State convention met today to nominate candidates for treasurer of state, superintendent of public instruction and three trustees for the State University, it was conceded that Speaker Joseph G. Cannon would receive an emphatic endorsement.

The Office Boy and the Subject of Graft

Everywhere you go nowadays, every paper you read, every one you talk to, the whole subject is about graft, but I believe Oakland is less encumbered with graft and grafters than any place I ever saw, but there is one case of graft right here in Oakland that is the Simon-pure article. H. M. Sanborn, the florist, is a natural-born grafter. He has succeeded in grafting a strawberry plant onto a milk weed and now he has strawberries and cream every morning for breakfast. Oh, I tell you, grafts of that kind are what count, but you bet you can't mention graft around this shop. My boss believes in applying the golden rule, or as many inches of gold as he can. (You see, the golden rule isn't measured by inches but by deeds.) A square deal, an honest price and a good value is what everybody gets when they come in this store, and there is always a remedy—refund. We had 10,000 new refund checks printed the other day and they are to be used in case you want to get your money back. They are printed on pink paper and bear the name of

ment as the Republican presidential candidate for 1908, and that Shelby M. Cullom would be endorsed for re-election to the United States Senate.

Senator O. F. Berry will be the temporary chairman, and Edward Shurtliff, speaker of the Illinois house, permanent chairman of the convention.

The document opened by proclaiming a new faith by the party in Illinois to the cardinal principles of Republicanism as expressed in its national platform of 1904.

TARIFF.

Of the tariff the platform says: "We do not hold that any particular schedule of tariff duties must be of endless duration, but, on the other hand, changing business and industrial conditions shall be benefited by a modification of any existing tariff schedule. The Republican party holds itself ready to make such needed changes. The necessity for such change, however, must not arise from any special interest, but must arise from a fair and candid consideration of all the business of industrial interests of the whole country."

PRAISE CONGRESS.

Full approval to the legislation of the last session of the national congress was given, this plank concluding as follows:

"Believing, as we do, that the interests of the American people are best safeguarded and accelerated by the policies of the Republican party and believing that a Democratic house of representatives would block those policies and that a Republican congress is essential to the continued successful national administration, we call upon the people of Illinois to see to it that the Republican delegation in congress from this State shall not be lessened by a single member."

The policy of the national administration was commended and President Roosevelt was characterized as "one of the bravest, most fearless and most just men who ever held the high office of President of the United States."

The course pursued in Congress by Senators S. M. Cullom and A. J. Hopkins and by the Republican representatives from Illinois was heartily endorsed. Of Speaker Cannon the following was said:

PROUD OF CANNON.

"We are proud of the fact that from their number that splendid statesman, Hon. Joseph G. Cannon, has been twice chosen speaker of the House of Representatives."

The candidacy of Senator Shelby M. Cullom for re-election to the United States Senate was declared as settled.

The Speaker Cannon boom for the presidency was launched in Illinois in the following words:

"Mindful of the great responsibilities of the office of the President of the United States, hoping for a continuation of the successful policies and admiration of the Republican party, with full confidence in the experience, ability, mental equipment and lofty patriotism of Hon. Joseph G. Cannon of Illinois for the discharge of these duties and great responsibilities, Illinois most strongly favors and recommends to her sister States and to the national Republican convention to be held in 1908, the nomination of Hon. Joseph G. Cannon of Illinois to the high office of President of the United States."

TO MANAGE BIG ELECTRIC COMPANY

Alpheus W. Clement has resigned his position as cashier of the Realty, Bond and Finance Company to accept the position of manager of the Northern Electric Company and the Valley Syndicate, the enterprises in which Henry A. Butters, Charles Butters and their associates are promoting in the northern counties. These two corporations are developing electric power and constructing electric railroads on a large scale. Mr. Clement will give them his undivided attention. He is a capable, energetic, popular man with a wide circle of friends and will doubtless make his mark in his new position.

STRUCK BY CAR

Young Man May Die as Result of Serious Accident.

As a result of an accident last night Luther Bush, a butcher 20 years of age who resides at Fortieth street and Piedmont avenue may lose his life. He attempted to jump aboard a moving electric car at Tenth street and Broadway and was struck down by a car going in the opposite direction. He was picked up in an unconscious condition by a passing automobile and hurried to the receiving hospital where numerous and severe fractures, lacerations and contusions were attended to by Drs. Hamlin and Koford Steward Borchert and Warden Page.

Besides abrasions of the right hip and side Bush sustained a compound comminuted fracture of the shoulder-blade and a wrenching of the large muscles over the back fractures of both bones of the lower right arm and his right ear was torn almost entirely from the head hanging by a shred of skin less than half an inch in width. He also is feared, sustained internal injuries.

The accident was due partly to the narrow space between the car tracks on Broadway. Bush was between the double rails when he attempted to board the outgoing car and he had not fully pulled himself on the steps when the other carrier struck him. He was rolled for a considerable distance along the street but the prompt action of the motorman in stopping his car prevented Bush from being ground to death under the car wheels. The injured man is still at the receiving hospital his condition being such as not to warrant his removal.

ESTIMATING LOSS

NEW YORK Aug 21.—The half dozen large firms of traders in New York who do business in Valparaiso and other South American ports have begun to estimate the loss that will fall upon their business by the destruction of Valparaiso and the resulting paralysis to trade generally they are optimistic. Chile has long enjoyed a period of unprecendented prosperity. The credit of the nation at large and of its moneyed men is unquestioned and the spirit of progress that the country has evidenced for the last twenty-five years is such the New York merchants think as to insure a rapid recovery from the blow that has fallen upon the nation.

INSURRECTION GROWS SERIOUS

Cuban Government Wakes to Necessity of Opposing Armed Rebels

HAVANA Aug 21.—Secretary of State and Justice O'Farrell who was acting secretary of the interior has resigned from the cabinet. His action was due to pique because President Palma criticised him for not being in close touch with the insurrectionary movement and for not strongly grasping the situation. This culminated in the appointment yesterday of General Rafael Montalvo secretary of public works to take direct charge of all the military operations against the insurgents.

The government has been positively informed that General Jose Miguel Gomez who was a candidate for the presidency, has left Yaguajay, province of Santa Clara accompanied by a band of insurgents. His visit to the United States last winter is said to have been for the purpose of purchasing arms. The authorities of Santa Clara province have been ordered to arrest General Gomez. His secretary Juan Menocal was arrested last night on the roads leaving this city last night and this morning.

Many people are coming into Havana fearing to remain in the country. A band of about a dozen armed insurgents, while endeavoring to pass unobserved near the city water works, on August 19th last night were ordered to halt. They replied with a volley and then disappeared.

The authorities are endeavoring to prevail upon young men to volunteer here for service in the rural guards. Dispatches received from Pinar del Rio today say that the feeling of alarm there as a result of the insurrection is increasing.

HE BARTERED A TITLE FOR \$12,500 ACT OF MARQUIS OF TOWNSHEND MARRIAGE BROKER'S TRADE BARED

Marchioness of Townshend, declared the most beautiful woman in England, and the Marquis, whose mind is wrecked

LONDON Aug 21.—The judicial inquiry into the sanity of the notorious hellish hunter the Marquis of Townshend reveals ugly details of the serried trade conducted by English marriage brokers.

It has developed that about a year ago a lady Pawcett informed a young govt. clerk E. Oten Dunne that if he could get a wife for the marquis with \$125,000 to pay off his pressing debts she and Dunne would divide a commission of \$12,000.

Dunne went to work on the job and through him the nineteen-year-old daughter of a lawyer-promoter, Miss Gladys Sutherland, was introduced to the marquis and a marriage was quickly arranged. The girl's father promised the necessary \$125,000 to the marquis and agreed to pay the marriage brokers their commission.

After a secret marriage the relatives of the bride who were opposed to the union got two lunacy experts to declare the marquis of unsound mind, and a magisterial order privately obtained, placed him in the custody of

his wife whose family lived with the couple in a house in Brook street, where the feeble-minded marquis was dominated, terrorized and imprisoned. Meanwhile Dunne had been pressing Sutherland for his commission. Failing to secure it he threatened the marchioness to publish the circumstances of her marriage, and getting no satisfaction he sold the hitherto secret story to a London paper for \$75. The publicity led to the present inquiry.

The judge stigmatized the whole marriage brokering transaction as detestable, especially Dunne's share in it.

SALLOW FACES. Often Caused by Coffee Drinking. How many persons realize that coffee so disturbs digestion that it produces a muddy, yellow complexion? A ten days trial of Postum Food Coffee has proven a means, in thousands of cases, of clearing up bad complexions.

A Washington young lady tells her experience. All of us—father, mother, sister and brother—had used tea and coffee for many years until finally we all had stomach troubles more or less. We were all sick and nervous, and with plumpies, bread, disagreeable taste in the mouth, and all of us simply so many bundles of nerves.

"We didn't realize that coffee was the cause of the trouble until one day we ran out of coffee and went to borrow some from a neighbor. She gave us some Postum and told us to try it."

"Although we started to make it, we all felt sure we would be sick if we missed our strong coffee but we were forced to try Postum and were surprised to find it delicious. There is nothing like it. SEN. LUKENS RETURNS FROM ATTENDANCE AT ELKS' CONVENTION AND TRIP FARTHER EAST.

Senator G. R. Lukens has returned from an extended eastern trip on which he combined both pleasure and business. If his appearance is any indication, he certainly enjoyed himself during his absence.

Senator Lukens left here early in July, going first to Denver to attend the session of the grand lodge of Elks, after the adjournment of which he continued eastward, visiting in turn Chicago, New York, Philadelphia and Washington on private business.

Senator Lukens reports a rather quiet atmosphere in New York and also in Washington, where the fact that Congress is not in session tends to create such an appearance, but says that, all things considered, business is keeping up well during the summer season.

Senator Lukens states that interest in San Francisco affairs is waning somewhat in the east, but that people are still inquiring as to the amount of reconstruction work being done, etc., and that the labor situation is also talked of a great deal.

While east that the Fuller Construction Company, which built the "Flatiron" building in New York and numerous other famous structures, is preparing to establish a plant in San Francisco to aid in rebuilding the city.

WATKINS APPOINTED HONORABLE APOSTLE. BERKELEY, Aug. 21.—David F. Watkins, who was one of the first graduates of the Pacific Theological Seminary of Berkeley has been appointed an honorable apostle of the Gospel, as representative of the Archaic branch of the Inca Evangelical Society in foreign countries, principally in the United States and in England, especially in London, authorizing him to raise financial assistance and solicit moral support wherever he may think it most convenient to the end of carrying to the Suez Canal the Gospel in its entirety, and employing teachers and schoolmasters who will take the initiative in a new era of civilization about to dawn amongst the unhappy descendants of this historic empire.

INVEST IN CHICAGO. CHICAGO, Aug. 21.—The Marlowe Theater building and ground have been transferred by John U. Hoffman and John W. Ulin to E. Leslie Meeker and Ralph W. Meeker of Berkeley, Cal. The property is 150 by 125 feet. A piece of ground in the rear, 25 by 40 feet, is included. There is an incumbrance of \$125,000. The consideration was nominal. The entire property was subsequently deeded to J. S. Hermann of San Francisco.

Frightfully Burned. Charles W. Moore, a machinist of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Buerger's Aniline Salve with the usual result. "A quick and perfect cure. Greatest healer on earth for burns, wounds, scalds, eczema, etc. Twenty-five cents at Osgood Bros., druggists, Seventh and Broadway and Tremont and Washington streets."

STEALS FOR FUN

Youth in Jail, Scion of Wealthy Family, Fond of Adventure.

Incarcerated in a cell at the city prison is E. J. Brown, a handsome youth, eighteen years of age, accused of burglarizing several offices and rooms in this city. Brown claims that he is the scion of a wealthy family in the east, but he will not divulge the name of his parents or their whereabouts, as he does not desire to have them hear of his present trouble.

Brown attributes his capture by the police to the fact that he has red hair. When speaking of his case in his cell, he laughingly said he did not know why he had committed the thefts. He asserts that he has plenty of money, supplied by his parents, and he believes he committed the thefts because of strong temptation for adventure. Brown claims to be in California on a pleasure trip.

Brown has retained Attorney W. H. O'Brien to represent him. His hearing was set this morning for September 4 in department two of the police court.

CONFERENCE OF CHINESE. AMHERST, Mass., Aug. 21.—A conference of Chinese students of the eastern part of the United States began here last night with an address by Paul H. Linn, of Columbia University. The program will run through the next four days.

The object of the conference is to bring into closer contact for purposes of study, discussion, recreation and the enjoyment of social advantages, students from China who are from eastern institutions of learning. Various Chinese educators of prominence will address the meetings, and the Chinese minister, Sir Cheng Tung Liang Cheng, will speak on Tuesday.

HASTINGS GOES TO THE PEN

Gets Three Years for Attempted Bank Robbery in Denver

DENVER Colo Aug 21.—John C. Hastings and D. K. Duncan who pleaded guilty to an attempted hold up were sentenced yesterday. Hastings to the penitentiary for three to five years and Duncan to the reformatory at Buena Vista. Hastings shouldered all the blame and admitted it at he had led the younger man into the trouble.

The crime for which the men were sentenced was committed on the afternoon of July 14. Duncan extorted a bank for the apparent purpose of getting a safety deposit box while Hastings remained outside to watch. When Elv H. owner of the bank turned his back Duncan struck him with a blackjack knocking him down. The jack broke and Elwell became frightened and ran but was soon captured by Hastings who was a former newspaper man from California. The police say that he was on the look for a big job in Chicago and was sent to San Quentin for two years.

BERKELEY HAS NEW DEPARTMENT. BERKELEY Aug 21.—A new department recently installed in the town's official bodies is that of the master plumbers examination board which meets twice a month and gives examinations. The purpose of the department is to see whether or not applicants for master plumbers licenses are eligible.

Thus far ten applicants have been examined of whom seven have been successful. Questions dealing with the general sanitary work connected with plumbing and their ability to put in that kind of plumbing are asked the applicants. The sanitary board of the applicants. The examining board of Inspector J. K. Grimshaw, L. Hauss, R. Annis, A. Poulton, E. Ayers and James Woulding.

The new department has been doing active work since the first of April. Such boards are common things in most of the cities of any size but it is an innovation in Berkeley official departments.

NEW TRAINS. The Southern Pacific Company announced through its general passenger department yesterday that on January 1, 1907 the Bay Shore but-out would be completed and that a new and fast schedule of trains would be put on the run between San Jose way stations and San Francisco. The new schedule will bring San Mateo within from twenty-five to thirty minutes of San Francisco Palo Alto and Stanford University from forty to forty-five minutes and San Jose sixty minutes. Half-hour trains will be run during the entire day for suburban traffic and night trains will be put on as soon as the travel warrants.

El Camino Real a Fake.

The Los Angeles Herald says "El Camino Real" does not mean "The King's Highway," but the true road. Whatever the term may mean, there never was any "Camino Real" in California. There were roads of a kind, to be sure, connecting the missions and settlements up and down the coast, but the tale of a great highway traversing California from south to north is a pure fiction. It was not the work of Spanish hands, but of the Gringo imagination. A vast deal of sentimental rubbish has been written and spoken about this mythical grand road, and it is about time the bubble of nonsense were pricked. Every public road of whatever kind or character was denominated the King's Highway, just as all public highways are now called county roads, and any public road in Spain is today termed "El Camino Real." But there never was a decent road in California till the Americans came, and no great continuous thoroughfare stretching from one end of the State to the other. There was no need of one, for the ordinary means of conveyance for travelers and freight were the saddle-horse and the pack-mule. The Spanish have never been noted as road builders, save in a few instances, and the poetic fiction of their building a great highway hundreds of miles in length where there were few people to travel it, save Indians and vaqueros, and hardly any vehicles, is about the rankest moonshine that was ever palmed off on a gullible public. What has become of this road, if it was ever built? Works of that kind cannot wholly disappear for centuries, and here we have one reputed to have vanished utterly within the lifetime of living men. Old Spanish documents refer in places to "El Camino Real," but such references are merely to whatever passed for a public road at any point, all roads being legally denominated the King's Highway. Early American settlers, accustomed to use the descriptive terms employed by the native Californians of Spanish extraction called a public road "El Camino Real." Out of the fact that there were a few stretches of primitive road in California during the days of Spanish sovereignty called by custom "El Camino Real," a lot of shallow-pated humbugs have manufactured a great military road from Sonoma to San Diego. It is about the rankest fiction that has ever imposed upon a credulous public. A fool architecture has been evolved out of the simple fact that the Spanish friars built their missions in a form to which the constructive material—adobe—was best adapted, and the varied uses—sanctuary, fort, corral and habitation—for which they were designed. A halo of mock romance has been created to envelope these kindly, hardworking, unromantic, unselfish missionaries and the lazy, dirty aborigines they strove so hard to Christianize and civilize. Lastly, to cap the climax, as the public has swallowed every other sort of fable and nonsense relating to the early Spanish occupation there has been invented this Munchausen "El Camino Real," along which marched mythical cohorts of Spanish soldiers and over which came rich old Dons with their ravishing daughters and sour duennas, in coaches with liveried outriders, guarded by retainers. It is all a fantastic echo of Washington Irving's "Spain." The whole romantic business of the early days is rank with bathos and cheap humbug. The early Spaniards were pioneers, and they lived under exceedingly primitive conditions. Their wealth was mainly in horses and cattle of wild, inferior breeds, the latter being chiefly valuable for their hides and tallow. They owned vast areas of land, but what is land worth that is only valuable for grazing mustang horses and wild cattle? There was hardly any money in the country, and few of the comforts of life as we understand them. The amusements were restricted to mescal, the fandango, the tinkle of the guitar, horse racing, and gambling. There was little furniture, and no ornamentation in the adobe houses. A bath robe would have been regarded as a swell ball dress by a majority of the women. The diet was as limited and simple as the wardrobes of the women and men. There was not at any one time a regiment of Spanish soldiers in all California. A fake taste for antiquarian research has given us a phantom society and a phantom military state, and for the accommodation of the two has constructed a phantom highway.

The Pacific Mail is keeping up its record for losing ships. Its career has been most unlucky in that respect, many of the wrecks being apparently due to events or circumstances which could hardly be foreseen or guarded against. The wreck of the Manchuria appears to be in the class of unfortunate accidents beyond human control, but it is, nevertheless, disheartening to see such a splendid new ship lay her bones on the rocks before the paint had begun to wear off her sides.

The Grass Valley Union, Democratic, says Bryan is not making himself bigger than his party by ordering Roger Sullivan, National Committeeman from Illinois, to resign. That is not the question, who empowered Mr. Bryan to demand the resignation of Mr. Sullivan or any other member of the committee. That is the real point at issue. Mr. Sullivan may be a bad man and a bad Democrat, but he was elected to his present position by the Democratic National Convention as the choice of the Illinois delegation. Whence does Mr. Bryan derive his authority to say who shall and who shall not be members of the Democratic National Committee? Here is where Mr. Bryan finds the hair short.

The Independence League, organized in San Francisco last night, is unequivocally a Hearst movement, but it savors strongly of the old Democracy. The active organizers have for years been prominent in Democratic politics, and there is a suspicion that some of them have entered this movement in quest of the voters who have of late years abandoned the Democratic organization and its ancient leaders. In other words, it is a case of the captains and the colors hunting the deserting battalions. But with the workingmen, formerly affiliated with the Democratic party, the name of Hearst is one to conjure with, and the knowledge of this fact probably accounts for the zeal and devotion for the New York editor by sundry Democratic leaders who have recently been training under other banners.

Later news from Valparaiso indicates that the loss of life and property from the earthquake was not as heavy as has been believed, but the condition of the homeless refugees is pitiable beyond compare. It is winter in the southern hemisphere and the latitude of Valparaiso and Santiago corresponds to that of Baltimore and Philadelphia. Hence the lack of clothing, shelter and bedding causes more suffering than lack of food. For women and children and old people to camp out in the open air in freezing weather is a bitter experience which few who have not passed through it can appreciate. In San Francisco the refugees had a milder climate to contend with, and the refugees found it no great hardship to live in the open air during the spring and summer months.

Puget Sound's Threatened War.

The distressing news comes sweeping on the gales from the north that the entente cordiale which has so long existed between the City of Tacoma and the United States Navy, or so much of it as is commanded by Rear Admiral Goodrich, is much strained, if not entirely broken. Whether an outbreak of hostilities will ensue remains to be seen. It is certain, however, that the situation is very tense, and the martial spirit of Admiral Goodrich highly incensed and bellicose. If the Admiral should give rein to his indignant and outraged feelings, we shudder for the consequences to Tacoma. The police force would probably have to be doubled and the extra men in the fire department called out.

The break in the friendly relations heretofore existing between Tacoma and the naval forces commanded by Admiral Goodrich had its origin in the pawky, peevish class spirit of a dancing master, who refused to allow a sailor belonging to the gallant Admiral's ship to enter his academy, and mingle and dance with the young persons belonging to Tacoma's best families there congregated to undergo instruction in the witching arts and graces of Terpsichore. It is not stated whether the sailor proposed to substitute the strenuous hornpipe for the languid, clinging two-step, or whether the labors of splicing the main brace had told heavily on his hardy constitution. Whatever the objection was he was denied admittance into the select circle, and another wanton affront given our glorious navy, because it is notorious that there are no class distinctions in that branch of Uncle Sam's service.

When the news reached Admiral Goodrich's ears, that scarred and weather-beaten hero swelled with righteous wrath. He ordered all the wardroom officers on deck in full dress uniform, drummed the marines to dress parade and piped the crew aft in a body. Then he inquired with frowning port and stately dignity into an affair so nearly touching the honor of his ship and the dignity of his official position. He learned then and there the dreadful truth that a sailor of his crew had been denied admittance into a Tacoma dancing academy! And a mincing, scraping, bowing teacher of waltzes, schottisches, polkas and mazurkas had been guilty of this insolence to the United States Navy.

Admiral Goodrich's first impulse was to pipe the crew to quarters, double-shot the guns and demand that the contumelious dancing master be sent aboard forthwith to be hanged at the yard arm as a terrible example to others of his kidney. But on second thought he decided to employ the pen instead of the sword, to resort to diplomacy instead of bloodshed. He wrote Mayor Wright of Tacoma, haughtily demanding him to explain why his sailor had been excluded from the dancing academy. The Mayor might have truthfully replied that he was not running the dancing outfit, but he deemed discretion the better part of valor and returned a diplomatic answer. He said it was the custom at the dancing academy to require references, social credentials, as it were, of all applicants for admission. The sailor had no other references than his uniform, and however satisfactory that might be to Admiral Goodrich, it was insufficient for the dancing master and the prim mammas of his select female pupils.

So there the matter stands. Mayor Wright has passed the buck, and the honor of the navy is still unavenged. What step the doughty admiral will take next can only be conjectured. Whether he will bombard the town or compromise by giving the sailor three days' leave ashore, with the privilege of coming on board drunk remains to be seen. We trust, however, that he will not deem it necessary to shoot Tacoma full of holes as a future warning to all dancing masters.

AT A WESTERN WINDOW.

I gaze from the western window,
Athwart the narrowing day,
Where the sunshine and the shadows
In partial glory play,
To violet isles enchanted
That smile at the open door
As the argosies of evening
Sail through to a fairer shore.

The day is long behind me,
The night is coming on;
But I hear a robin singing,
The song he sang at dawn;
Now one with the morn is evening,
And one are the earth and sky,
The blossoms in the meadow
With the stars that breathe on high.

And youth is young forever,
And love is never old,
Though masks of age are breaking
Back to the primal mold,
So here, from my western window
I gaze, as the stars increase,
And the mortal and immortal
Are one in this blessed peace.

ENGLISH ARE HEAVY LOSERS

Suffer in Chile.

NEW YORK, Aug. 21.—Juan Tonkin, a Chilean civil engineer, who is now in New York, said last night:

"In Valparaiso, local and foreign interests are so great that it is absolutely certain that the city will be rebuilt. The financial burden of rehabilitation will not be thrown on Chile alone, but also on the numerous foreign interests, which include most of the nations of the world."

"Of the foreign interests I believe that the English will be the heaviest losers, especially the many English fire insurance companies that suffered such great losses in the destruction of San Francisco. However, it must be kept in mind that Chile enjoys high financial credit, especially in the London market, where her bonds are quoted at 92 1/2 per cent. The external debt

Why

Don't you give your heart the same chance you do the other organs? Why? Because when any organ is in trouble it refuses to work, and you hasten to repair it. The heart, the ever-faithful servant, never refuses as long as it has power to move, but continues to do the best it can, getting weaker and weaker, until it is past repair, and then stops. It is just as sick as the other organs, because it will work, you let it. However, it's not too late for a "change of heart," so remember

SOCIETY REVIVES CARD PARTY

Informal Affairs Mark the Opening of Winter Season.

Mrs. Frederick W. Morse was hostess this afternoon at a delightful informal card party given at her Harbison street home. The afternoon was one of the pleasant events of the week. Mrs. Morse will entertain on Thursday afternoon also, the guests to include the members of a card club.

HOME WEDDING.

The marriage Saturday of Miss Miriam Wagon and J. E. Green was a quiet affair, witnessed only by relatives and intimate friends. Miss Vida Barnard attended the bride. The couple have gone on a honeymoon to Lake Tahoe and on their return will live in San Francisco.

BACHELOR DINNER.

Sylvanus Farnham was host recently at a jolly bachelor dinner served at the Forum. The guests were Paul McMullin, E. R. Ryder, E. P. Kelly, Dr. Paul Lanz, Dr. Joseph Stalder and Harry Hewlett.

BENEFIT TEA.

Mrs. Will Meek will entertain next Saturday at an elaborate tea to be given at her Hayward home and the affair is to be in the nature of a benefit for Trinity guild.

Assisting Mrs. Meek in her duties as hostess will be Mrs. William Angus, Mrs. Grace Waitman, Mrs. William Barchus, Mrs. E. O. Webb, Mrs. F. J. Crosby, Mrs. Clarke, Mrs. J. A. Park, Mrs. Browning, Mrs. F. J. Russell, Mrs. A. S. Jones, Mrs. Creelman and several others of the local promonts. There is to be a fine musical program given during the afternoon and the affair is being very pleasantly anticipated.

INFORMAL AFFAIR.

Mrs. Frederick Funtun was hostess Friday evening at a delightful informal affair given at her home in the Presidio neighborhood. Among those who enjoyed the hospitality of the hostess on this occasion were:

Captain and Mrs. Simpson, Captain and Mrs. Nixon, Captain and Mrs. Kennedy, Mr. and Mrs. Cullen, Mrs. Devol, Mrs. Fenner, Captain Wren and Mr. Allen.

AT LUNCHEON.

Captain and Mrs. Charles Plummer Perkins entertained Sunday last at a luncheon given on board the U. S. S. Pensacola. The honored guests: Captain Capomazzo of the Italian cruiser Degali, which is in harbor at the present time.

It was a charmingly informal occasion, the captain and his aid, Lieutenant L. Capelli, who is a marquis, being the only officers of the Italian cruiser present. The table was prettily decorated in pink, quantities of the effective little Cecile Bruner roses being used. Those present besides the guests of honor and host and hostess were: Mrs. Malcolm Henry, Miss Eleanor Phelps, Miss Kitty Kutz and Dr. Smith, U. S. N.

ENGAGEMENT NEWS.

TERRIBLE ITCHING SCALP HUMOR

Badly Affected With Sores and Crusts—Extended Down Behind the Ears—Some Years Later Painful and Itching Pustules Broke Out on Lower Part of Body—Son Also Affected.

A TRIPLE CURE BY CUTICURA REMEDIES

"About ten years ago my scalp became badly affected with sore and itching humors, crusts, etc., and extending down behind the ears. My hair came out in places also. I was greatly troubled; understood it was eczema. Tried various remedies, so called, without effect. Saw your Cuticura advertisement, and got them at once. Applied them as to directions, etc., and after two weeks, I think, of use, was clear as a whistle."

"I have to state also that late last fall, October and November, 1904, I was suddenly afflicted with a bad eruption, painful and itching pustules over the lower part of the body. I suffered dreadfully. In two months, under the skillful treatment of my doctor, combined with Cuticura Soap and Cuticura Ointment, I found myself cured."

"Six years ago my son was laid up with a severe cold, a hard cough, and finally painful eruption all over the body. I procured the Cuticura Remedies as soon as possible, and after his faithful use of same was as well as ever in two weeks, as well as I can recall. He has never had a return of the illness, as far as I know."

"I have always been pleased to commend the Cuticura Remedies, and testify as to their efficacy. I am a veteran of the late Civil War, '61-'65, between seventy and eighty years of age. Yours truly, H. M. F. Weiss, Rosemond, Christian Co., Ill., Aug. 31, 1905."

SECRECY MUST BE MAINTAINED

Society in New York Fights to Prevent Examination of Divorce Papers.

NEW YORK, Aug. 21.—In spite of the claims of the federal census girls that they can keep mum, the local court authorities are not going to let them keep at the "sealed" divorce records without a fight. The girls were sent here by the authority of the United States government to compile statistics of the divorce evil, but the clerks of the court yesterday flatly refused to give them access to all the records on the ground that many of the "400" had paid heavily in "fees" and costs to have the facts of their broken romances removed from public gaze and were entitled to the privilege paid for.

One of the envelopes, the opening of which would furnish the most interesting disclosure, is that containing the records of the divorce of Mr. and Mrs. Henry T. Sloane, in April 1899. Society was dumfounded when it became known that five hours after the decree was granted Mrs. Sloane was married to Perry Belmont.

A great deal of mystery has also hung over the divorce of Mrs. O. H. P. Belmont, who the clerk of the Corporation Counsel George L. Rives. Shortly following this decree Belmont married the divorced wife of William K. Vanderbilt. This was the third marriage and second divorce of Mrs. Vanderbilt, she having been formerly separated from Louis Rutherford. The closest secrecy was always observed over these tangles and all the persons would doubtless spend unlimited money to prevent even the most discreet census girl from seeing the record.

Then there are the sealed records of the troubles of Mr. and Mrs. William Havemeyer, Mr. and Mrs. Coleman Drayton, the former Baroness de Stairs, cousin of John J. Astor; Hollis Hunnewell and his wife, Mr. and Mrs. Elsie Dyer and others whose wives' names are all but other names. Every one is curious to know what could have parted W. E. Stokes from his beautiful Portuguese wife, who was Miss Acosta, and who later became the wife of Captain Philip Lydig.

son, Mrs. P. Blair, Mrs. William Blair, Mrs. John Barber, Mrs. Stephen Roberts, Mrs. John McClure, Mrs. Oscar Mack, Mrs. John Gordon, Mrs. Willis Alexander, Mrs. Frederick Bachelder, Miss Frances Willey, Miss Irma Arthur, Mrs. Miss Robinson, Mrs. George Denison, Mrs. A. A. Denison and Mrs. James McClure.

WEDDING PLANS.

The marriage of Miss Gertrude Gould and Dr. Roderic O'Connor, U. S. A., which was originally planned to take place several months later, will now probably be solemnized within the next fortnight. This changed plan is due to an unexpected order from the department in Washington relieving Dr. O'Connor from duty at the Presidio, where he has been for the past two years, and ordering him to Fort Leavenworth, Kas., where the new home is to be established.

Miss Gould is to be married in her traveling gown and will be unattended. The details will be very simple and only the members of the immediate families will be present.

THEATER PARTY.

Mr. and Mrs. Edward Moore entertained a party of friends recently at a theater party and supper. Among the guests were Mrs. Virginia Goodsell, and Jules Merfeld. The Moores are among the San Franciscans who have recently located in Berkeley.

SOCIETY NOTES.

Mr. and Mrs. Jack W. Matthews have returned home after a stay of several weeks at Castle Rock tavern, Shasta county.

Mr. and Mrs. Ray McCabe are at Tahoe for a few weeks and are planning a camping trip through Kings river canyon.

Miss Florence Chestnut and Miss Daul have gone to Seattle for a month's visit with friends.

Mr. and Mrs. Roger Chickering will spend a few weeks on the McCloud river before leaving for Alaska.

Mr. and Mrs. Frederick Engleish Magee will close their Vernon Heights home about September 1 and will take a house in San Francisco.

Mr. and Mrs. John P. Maxwell have returned from a two-weeks' visit to Los Gatos.

Mrs. William Price of Linden street and her little daughter are spending the summer in Hayward.

Mr. and Mrs. F. F. Barbour have gone on a two-weeks' visit to the Yosemite Valley.

Mrs. D. P. Murphy and her little daughter, Thelma, returned Sunday from Reno, where they spent a very pleasant time visiting relatives.

Mr. and Mrs. Beach Soule have given up their proposed trip to the Orient for the present, and have returned after a stay at Del Monte.

Mrs. A. S. Macdonald is enjoying a delightful month's outing at Angwin, Napa county.

Mr. and Mrs. Courtenay Bennett have taken a house at the corner of Durant and Fulton streets.

Mrs. B. F. Norris has taken apartments at the El Granada for the winter.

M. and Mme. Dupouey are expected in Berkeley within the next fortnight, and they will be the center of much entertaining.

Mr. and Mrs. William Chalmers have returned after a two weeks' honeymoon spent in the south.

KING-BRUGUIERE.

The marriage of Miss Nannie King and Dr. Pedar Sather Bruguiere was quietly celebrated last evening in Reno. Only relatives and a few intimate friends who accompanied the bride party to that city were present at the reading of the ceremony. The bride had no attendant, but the groom was supported by his brother, Francis Bruguiere.

Dr. and Mrs. Bruguiere will travel in the south for a few weeks, going later to Europe.

AN ENGAGEMENT.

The engagement is announced of Miss Augusta A. Merritt, youngest daughter of Mr. and Mrs. James B. Merritt, to Thomas W. Morris. No date has been mentioned for the wedding.

PERSONALS.

J. H. Clayton was a recent visitor to Martinez.

W. B. Weber is in Fresno.

"Again Tomorrow"

Have any of your friends told you about the \$10 Suit Sale at Kahns? And did you think that it was over in a day, and that now it was too late? Well, it isn't—

Why, we could only show a third of the suits on Monday—and that took 3 or 4 immense racks—Then yesterday we brought out another hundred, and tomorrow some more—we bring them forward as fast as space permits so that every day sees a change of stock and those who came today can well afford to come again tomorrow—

To those who called Monday and today and could not be waited upon, we extend an apology without excuse—We did the best we could—To those who attended to their own alterations we extend thanks, for our alteration rooms for a while were simply swamped—

In attending this sale kindly help us all you can by accepting conditions as you find them—An immense crowd is unavoidable, except before 10 A. M.—Competent salesfolks are hard to secure for a temporary rush—And alterations take time to do properly and we will do them no other way—

The suits are arranged upon racks so that you can choose them yourself, and you know there is always somebody around to make out the check—We always find time to do that—

NO REASON TO CHANGE

Roosevelt Wants Congress Republican Next Term.

NEW YORK, Aug. 21.—A letter written by President Roosevelt to Congressman James E. Watson of Rushville, Ind., reviewing and approving of the work of the present congress and declaring "to change the leadership and organization of the House at this time means to bring confusion upon those who have successfully engaged in the steady working out of a great and comprehensive scheme for the betterment of our civil and social conditions," has been made public through the Republican Congressional committee.

The President also decided that such a change would result in a harmful oscillation between the extreme radical and the extreme reactionary. The President also said he hopes the present congress will enact laws prohibiting political contributions by corporations, lowering the duties on imports from the Philippines and limiting the number of hours for railway employees. Of the tariff Mr. Roosevelt says:

FOOLISH TO CHANGE.

"We stand unequivocally for a protective tariff and we feel that the phenomenal industrial prosperity which we are now enjoying is not lightly to be jeopardized, for it would be to the last degree foolish to secure here and there a small benefit at the cost of general business depression. But whenever a given rate or schedule becomes evidently disadvantageous to the nation, because of the changes which go on from year to year in our conditions, and where it is feasible to change this rate or schedule without too much dislocation of the system, it will be done, while a general revision of the rates and schedules will be undertaken whenever it shall appear to the sober business sense of our people that or the whole the benefits to be derived from making such changes will outweigh the disadvantages; that is when the revision will do more good than harm.

APART FROM TRUSTS.

"Let me add one word of caution, however. The question of revising the tariff stands wholly apart from the question of dealing with the so-called 'Trusts'—that is, with the control of monopolies and with the supervision of corporate form. The only way in which it is possible to deal with these trusts and monopolies and this great corporate wealth is by action along the line of the laws enacted by the present congress and its immediate predecessors. The cry that the problem can be met by any changes in the tariff represents, whether consciously or unconsciously, an effort to divert the public attention from the only method of taking effective action."

PRaises HOUSE.

Mr. Roosevelt says that if only partisan issues were involved in this contest he should hesitate to say anything publicly in reference to it, but he does not feel that this is the case. The president declares "that with Mr. Cannon as speaker the House has accomplished a literally phenomenal amount of good work. It has shown a courage, good sense and patriotism such that it would be a real and serious misfortune for the country to overlook."

FIFTY THOUSAND VISITORS.

CHICAGO, Aug. 21.—Fifty thousand visitors were in Chicago last night according to estimates made by hotel proprietors and the Chicago Commercial association. They came from all parts of the country, merchants from as far west as the Rockies, and as far east as the Atlantic, and a host of others who were visiting business and pleasure.

After dark it was impossible to get a room in any of the leading downtown hotels.

"The reason for such an enormous arrival of out-of-town people at this season," said Executive Director Bigelow of the Chicago Association, "is found in the results of the work of our association. We have been stirring the country for months for Chicago interests. The railroads are giving exceedingly low excursion rates to us, and they are being taken advantage of."

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but certain fact that every year brings a further increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snowy white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the back of the head, pelvic catarrh, dizziness, flatulence, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

Miss Lucille Adams, of Seattle, Wash., writes:

Dear Mrs. Pinkham:—About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor and must undergo an operation. I wanted to get well, but that was my death warrant. I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely without an operation. I wish every suffering woman would try this great preparation.

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability or nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

TRANSACTS A GENERAL BANKING BUSINESS

Why the Central Bank is forced to enlarge

Because Oakland is growing fast and the Central Bank is growing faster.

Way back, about fourteen years ago, the Central Bank first opened its doors in a very modest store on Broadway. Its principles were right and business grew rapidly.

Then a magnificent building was erected at Fourteenth and Broadway. The bank did not need all the street floor at first, so part was rented.

Still the Central Bank and Oakland grew together, and now the bank needs more room. So partitions are being torn down to accommodate its many patrons.

The growth of the Central Bank is not phenomenal. Any commercial or financial concern that is fortunate enough to be located in Oakland and that will not be swayed from practices that are safe, progressive and right, is assured of success.

In a few weeks—maybe a month or so—you will be welcome to the newer and more beautiful home of the Central Bank.

And in the meantime everything will go on as usual and safety deposit boxes—impregnable as Gibraltar—will be rented for \$4.00 a year.

OAKLAND WOMAN SOOTHSAYER MAKES PREDICTION SURE BAT IS LOSER

GOLDFIELD, Nev., Aug. 21.—The usual number of cranks that regularly poster men who are in the public eye for a fleeting moment have opened up on the two fighters who are now preparing to furnish Goldfield with a Roman holiday, and the mail of one Joe Gans, as well as that of Battling Nelson, is daily flooded with letters from soothsayers and quondam friends from all parts of the country. Of the burdensome matter that comes to the two fighters via Uncle Sam's delivery route, Nelson is the recipient of two of the prize missives, one from a convict at the State penitentiary at Carson and the other from a forecaster of the future who heads her letter Oakland, Cal.

CONVICT WRITES.

The "con" letter from Carson is couched in terms that are generally used in the "heart to heart" talks which as a rule appear in the girls' page of certain daily papers. The man with the stripes starts off by telling Nelson that he is not an entire stranger to the battling one, because he has been reading constantly of the fights in which Nelson has engaged and on that account feels that he is a personal acquaintance. On account of this "personal acquaintance" the man behind the bars feels that he has a perfect right to ask Bat to cut off a chunk of the purse money and express it to him.

"Musical instruments of all kinds," and more especially a talking machine of the latest pattern, would prove acceptable. While the striped boarder of the Nevada penitentiary is a man whose wants are few, still his letter is not without a certain touch of pathos and will not go unanswered. Nelson is quite busy just at present taking off a bit of surplus avoidupolis, so he cannot give his attention to answering the letter, but after the fight is over, win or lose, Nelson will see that the convicts at the penal institution get the best talking machine that money can buy, and the money will come out of the fat purse which the Dane will draw down from his milking with Gans.

The letter from the Oakland soothsayer failed to find favor with the sturdy son of Denmark, and for that reason there will be no loose change handed out either before or after the contest. It seems that the mystic in question has been pestering Nelson for the past two years previous to all of his contests for money for telling his fortune. Bat does not believe in signs, unless it is the Indian sign, which he is in the habit of hanging on certain aspirants for championship honors; so he has persistently ignored the offers

of the seers to name the round in which and the kind of blow which would bring home the money.

MODEST REQUEST.

As the predictor of destinies wants only a modest \$100 for her work in foretelling his success on former contests, Bat was blind to her offers, and as a result he has incurred the enmity of the lady with the far-seeing eye. The letter opens with a tirade against Nelson and frankly states that the fil feeling the writer bears toward the Dane is due entirely to his ignoring her former offers and not coming through with the coin. Because of this same ill will, the seeress writes Nelson that he has not a chance with the colored boy from Baltimore and that he will surely get his on Labor Day. As Nelson has other things to worry him he is not lying awake nights thinking of this prediction of dire defeat and the whole letter is to him a huge joke.

This same letter is of further interest in that it explains that other fighters are more superstitious than is Nelson. The writer is somewhat on the tell as she writes that Abe Attell and Alec Greggins are regular customers. The seeress attributes Alec's "huge fortune" to his following her forecasts and laying his money accordingly. Attell's success is attributed by the writer to her foresight and in closing her sympathies with the Dane for not getting in right and playing his money for a peep into the future.

SAN LEANDRO OVERWHELMS HAYWARD

SAN LEANDRO, Aug. 21.—The baseball game played here Sunday between San Leandro and Hayward was the best from a local point of view seen here for several seasons. It was the first game of a series of seven, for the amateur championship of Alameda county.

San Leandro cleared a decisive victory, the score at the end of nine fast innings standing 23 to 4. The San Leandro battery was especially strong, Eddie striking out several Hayward men, besides making two home runs. The local nine batted the Hayward twister for nine runs in the second inning, and an almost equal number in others. The purse won amounted to \$100. The return game will be played next Sunday in Hayward, for a \$250 prize.

The series calls for four games out of seven for the championship.

LADS LOOKING FOR DIAMOND FOES

The Young Americans who have won a majority of their games this season and who defeated the Grant school in a fast game Saturday last by the score of 10 to 1, the latter run being made on an error, are looking for opponents.

Teams desiring games on Saturday will address them to Manager Allen Cushing, 914 Grove street, phone Oakland 5413. The line up is as follows: Catcher, H. Delesage; pitcher, Ed. Dill; first base, A. Cushing; second base, C. Fulweller; third base, Ed. Dill; shortstop, C. Westover; left field, E. Philbrick; center field, S. Ward; right field, R. Chambers.

"MIKE" DWYER AMONG THE COUNTLESS

NEW YORK, Aug. 20.—Michael F. Dwyer, long one of the most prominent figures of the American turf, died yesterday at his little cottage in Brooklyn opposite the Gravesend race track of the Brooklyn Jockey Club, of which Philip J. Dwyer, a brother, is president. Michael Dwyer suffered a stroke of paralysis some years ago, after he had returned from a disastrous racing campaign in England, and since that time had been practically helpless.

Dwyer was one of the most famous plunkers the turf has ever known. He was a large operator and amassed a greater fortune, it is said, than even "Pittsburg Phil" Smith, the most noted of the modern race-track bettors. Smith died wealthy, while Dwyer was practically penniless.

'VARSITY BALL PLAYERS TO RETURN

BERKELEY, Aug. 20.—Robert Causeley, '06, who captained the 'Varsity baseball team last spring, has announced that he will return to the University and register for work today. The presence of Causeley on the nine will add materially to the strength of the Blue and Gold nine for next term. The men of the team who will probably be back includes: K. C. Hills, '07, second base; T. K. Sweesy, '07, center field; J. G. Schaefer, '08, catcher; D. Graham, '06, first base; R. A. Myer, '08, third base; R. Reid, '08, right field; R. Jordan, '08, left field; R. Miller, '09, right field; E. C. Hiestor, '09, center field.

SERAPH BALL CLUB IS FORMED

LOS ANGELES, Aug. 21.—The strenuous efforts of President Eugene F. Bert of the Pacific Coast Baseball League to reorganize baseball conditions in Los Angeles and put the team on a firm footing again terminated in success last night, when, at a meeting of twenty prominent professional and business men, it was decided to incorporate the Angel City Baseball Association, with a capital stock of \$25,000, divided into 25,000 shares, all of which, according to President Bert, was subscribed before the meeting adjourned.

ROCHE SAYS NELSON WILL GET GOOD BEATING

KANSAS CITY, Mo., Aug. 21.—"Billy" Roche, secretary of the San Francisco fight trust, and one of the best known referees in the business, was in the city recently on his way to the coast. Roche has been east in the interest of "Jimmy" Coffroth, and said that he expected to land "Kid" Herman and "Jimmy" Britt for the Colma club's opening attraction. Britt has already agreed to fight Roche and he expects to secure Herman's signature to a contract in a few days.

"Neither Coffroth nor myself was after the Gans-Nelson fight," said Roche. "We made no attempt to compete with Goldfield for that all-star attraction. The Goldfield promoters can have Manager 'Billy' Nolan and I will venture to say that they will be sick of him before they are through. Nolan is a highwayman and no club can do business with him and make money. He has Nelson, a good boy, but simply a challenger for the lightweight championship title, but still he has demanded everything in sight. Gans, the champion, is holding the sack."

"Until a few days ago I thought the match was a pre-arranged affair, but now I believe it's on the square. If it is Nelson is in for a awful beating, and then it will be back to the jungles with one of the all-star attractions. The Goldfield promoters can have Manager 'Billy' Nolan and I will venture to say that they will be sick of him before they are through. Nolan is a highwayman and no club can do business with him and make money. He has Nelson, a good boy, but simply a challenger for the lightweight championship title, but still he has demanded everything in sight. Gans, the champion, is holding the sack."

CLARK PROVES WINNER BY 30 FEET

Charles Clark had little trouble in winning the second heat of the three-day race at the Lakeside ring last night, apparently not having to extend himself to finish in first place, which position he held at the end of the race by at least 30 feet.

Arthur Waldstein was not able to present, which may account in part for Clark's easy victory, inasmuch as Waldstein defeated Clark in the recent six-day race held at the Lakeside. The time last night for the mile was 2:55. Merritt Clark finished second, thus giving him also the privilege of competing in the final, which will be held later in the week. Tonight there is to be a barrel race for tall men, and the latter doubtless will manage to present their most ludicrous side in the amusing contest that is expected to take place.

Friday night, ladies' night, there is to be a two-step prize contest for couples. Tickets for ladies' night are to be distributed free to the fair ones tonight.

Nelson=Gans Excursion

For those desiring to witness the coming contest, the Southern Pacific company is arranging to run a special excursion train of Pullman Sleepers to Goldfield. Train will leave San Francisco, Ferry depot, at 10:30 p. m., September 1. Returning, leave Goldfield at 11:30 p. m., September 3. A rate of \$35 for the round trip will be made from Oakland, Alameda, Berkeley, Stockton, Sacramento, as well as San Francisco—members of the party having the privilege of occupying sleepers while at Goldfield. Tickets will allow of those not desiring to return with the special train to return on any train up to and including September 10. Those of the excursionists desiring to stop over at Truckee for the purpose of visiting Lake Tahoe may so arrange on the return trip. For further information see Southern Pacific Co., 12 San Pablo avenue, Oakland, Cal. Phone Oakland 543.

ANNOUNCE CHANGE LOREN BROWN TO MEET JACK RILEY IN TONIGHT'S CARD

The management of the West Oakland Club has been compelled to make a slight change in its fight card tonight. The change will affect one of the bouts in the double main event, that in which Dick Murray was scheduled to meet Jack Riley, the popular little fighter who has engaged in so many battles at the West Oakland Club in days gone by.

Murray announced to Manager Duchrau yesterday that he had not had sufficient time to train to meet Riley, and that as he realized that Riley was no "cinch" he would prefer to wait for some occasion when he had an opportunity to thoroughly prepare himself. He added that he would be pleased to meet the young man at the next show of the club.

Manager Duchrau at once made arrangements with Loren Brown, who fought a rattling draw with Riley four months ago at the Reliance Club, to take Murray's place, and the card is thus left intact.

The other portion of the main event, the bout between Tom Taylor and Frank Mejl is expected to provide great sport. These lads have met several times before with a draw decision at the end of each encounter, and they are just as anxious to settle their dispute as ever. The complete card is as follows:

Ed Daly vs. Bruno Casino, 135 pounds; Otto Horn vs. Harry Edwards, 125 pounds; Louis Du Frane vs. Ed. Webber, 120 pounds; William Archer vs. Tanglefoot McGovern, 125 pounds; double main event, Loren Brown vs. Jack Riley, Tom Taylor vs. Frank Mejl.

SAYS LEOPARD CAN'T CHANGE SPOTS

The following, taken from a Seattle paper, shows something of at least one man's opinion (the writer's) in that burg on the Nelson-Gans battle:

"To one who has witnessed a number of contests in which each has engaged already savors of a frameup, and while there is a possibility that the match will be on the square it will be looked upon with suspicion and a bad betting proposition. In condition and if he can make the weight there should be nothing to it but Gans."

"Nelson, of course, is there with the sleep-producing wallop, but he is not clever and the chocolate drop from the orator town has it all over the Dane in ring generalship, cleverness and lifting powers. Figure as one may, this is a fact and it is hard to those who are studying the match by long distance to figure anything else."

"It doesn't seem quite right to take this view of the situation because, in all fairness to Nelson, since he began to climb the ladder there has not been the slightest stain on his escutcheon. He has always fought fair and all of his victories have been fairly earned. To do him justice, if there is anything doing he probably will not be a party to it."

"It is Gans who is the uncertain quantity. He is, as he has admitted several times, a fakir and the cleverest there is in the fighting game. He has demonstrated this time and again and the only question in the approaching contest is will he give Nelson the double cross."

SAYS HERRERA WAS NOT DRUNK

CHICAGO, Aug. 21.—Emil Thery has returned from Milwaukee and denies indignantly the stories afloat about Aurelio Herrera's fight with Neary.

"Herrera was not drunk when he fought Neary," he said today. "Herrera was compelled to take off eighteen pounds in six days and the last day he spent in the hot room, having to take off four pounds. The boy did not have anything to eat for two days before the fight. After weighing in he went to dinner with me and I advised him to drink a bottle of beer with his dinner to gain a little strength. We took a carriage to the park where they were to fight and I gave him a bottle of beer before they went into the ring."

LEVY IS AFTER BRITT AND HERMAN

CHICAGO, Aug. 21.—Morris Levy, the San Francisco fight promoter, is here trying to match Kid Herman and Jimmy Britt. If Britt will accept Levy's terms, a match will be made before Wednesday, the day selected by Morris to leave for the west.

While in the presence of a number of sporting men in a downtown cafe, Levy admitted that if Gans is in proper shape when he steps into the ring with Battling Nelson on Labor day the Battle will meet his Waterloo. In speaking of weight, Morris said there was no doubt in his mind but that Gans could do 135 pounds and be strong.

ALLOWS HATRED TO DEPRIVE HIM OF \$10,000 SALARY

NEW YORK, Aug. 21.—It has leaked out that Ed Abbott, the Italian outfielder, who refused to return to the Beaneaters, has refused the most princely salary ever offered to a ballplayer—\$10,000 a year for the next two years.

And he refused it simply to satisfy a grudge. That salary was offered him by John T. Brush to join the Glens, Brush having agreed to pay Boston a big price for his release if he could be induced to come to terms. But Abbott, by hater President Taft's son, the Beaneaters, cordially that he turned down Brush's offer simply to prevent Joden from getting any coin.

He said openly that was the reason. "I'll never play anywhere," he said, "so long as my transfer means any money to So-den."

So he continues in the hotel business at Latrobe, Pa.

CITY COUNCIL TAKES STEPS TOWARD ESTABLISHING SALT WATER PLANT

Receives a Letter From Chamber of Commerce.

The Oakland Chamber of Commerce has taken an interest in the plan of Councilman B. H. Pendleton to provide a salt water plant for this city. An expense of \$70,000. Pendleton recently introduced his plan to the council, as shown by the letter printed.

Last night, at the meeting of the council, a resolution directing the city engineer to prepare plans for a salt water pumping plant, and also a bill appropriating \$70,000 for the installation of the proposed plant, was referred to the committee of the whole.

The Chamber of Commerce has written the following letter to the public improvement committee of the council:

Gentlemen: At a regular meeting of the board of directors of the Oakland Chamber of Commerce, held Tuesday evening, August 14, it was unanimously voted that the committee on municipal affairs of the Oakland Chamber of Commerce be requested to favor the installation of a salt water plant for use in sprinkling the streets and for fire purposes and if deemed advisable to appear before your committee. Very respectfully,
OAKLAND CHAMBER OF COMMERCE,
Per Edwin Stearns, Secretary.

ROUTINE WORK IS DISPOSED OF

Councilmen Discuss Many Important Affairs in Their Regular Session.

The City Council convened in regular session last evening and considerable routine business was disposed of. Many resolutions ordering street work were passed.

The recommendation of City Wharfinger Greer that Piper, Aden & Goodall should hereafter pay \$200 a month for the rent of the city's warehouses at the foot of Webster street was referred to the wharf and water front committee. A new warehouse has just been built and acquired by the above-mentioned firm.

The resolutions presented by City Auditor Breed, transferring the following funds from the several funds of the fiscal year 1905-1906 were passed.

FUNDS TRANSFERRED.

From street lighting fund to general fund, \$50.41, from salary fund to general fund, \$7172.48, from fire fund to general fund, \$7705.82, from fire and police telephone fund to general fund, \$1248.88, from police fund to general fund, \$8798, from school building bond interest fund to general fund, \$2316.98, from bond interest fund to general fund, \$50.00, from bond redemption fund to general fund, \$435.65, from police relief and pension fund to general fund, \$1105.49, from general fund to street fund, \$191,436.38, from general fund to sewer fund, \$9235.58, from general fund to park fund, \$8563.78, from general fund to school building fund, \$258, from police pension and relief fund to come fund for 1906-1907, \$7846.49, from park and boulevard fund to same fund for 1907-1907, \$17,549.13.

MONEY FOR DETECTIVE USE.

Fifty dollars was appropriated for the use of the license inspector to detect violations of the city license ordinance.

The salary of the janitor of the city engineer's office was fixed at \$10 per month instead of \$5 per month, as formerly.

The Board of Police and Fire Commissioners was authorized to rent the premises where house No. 3 is now located at \$10 per month.

R. S. Kitchener was granted thirty days extension of time for printing municipal reports.

A bill regulating the excavations under sidewalks and a bill accepting Fifty-fifth street, between San Pablo avenue, to Clay street, were passed to print.

PERMISSION TO GRADE.

The Spring Construction Company was granted permission to grade and curb streets in the tracts known as Alton Park, Central Oakland No. 2 and Central Oakland No. 3, also to curb and grade Broadway from Forty-first street north to the culvert.

The Spring Construction Company was granted permission to grade, curb and sewer streets in the Claremont avenue tract.

The Blake & Bilger Company was granted permission to grade, curb and macadamize Oak Grove avenue and Miles avenue, College avenue, from Fifty-fifth street to Shafter avenue, and the east half of Claremont avenue, also to sewer Fifty-fifth street easterly to the eastern line of the city, and College avenue from Fifty-fifth street to Flono street.

The Ransome Construction Company was granted permission to pave Twelfth street, between Harrison and Fallon streets, by private contract.

The city engineer was authorized to prepare plans and submit an estimate of the cost for a culvert at Claremont avenue and Fifty-ninth street.

EXTENSION OF TIME.

The Ransome Construction Company was granted thirty days extension of time to pave San Pablo avenue, between Fourteenth and Fifteenth streets. The petition to change grades on Echo avenue was denied, as the grade was established some time ago and the Council deemed it best not to change it again.

Twenty days notice was given to

WANTS WORLD TO KNOW WE'RE ALL OAKLAND

"We do not wish to have any sectional feeling in this city. We want to be all Oakland and let the world know that we are Oakland and not divided into sections."

This was the statement of Councilman Burns last night when he introduced into the Council a resolution requesting the Oakland Traction Consolidated to remove the sign "Golden Gate" on its cars and replace it with one which would read "Sixteenth Street."

Burns asked that the rules be suspended and the resolution passed, which was done. Burns said that the placing of such signs as "Golden Gate" on the cars, made it appear as if Oakland was made up of many small sections. He said that all should work for Oakland and Oakland alone.

WANTS CITY TO PAY INCREASE

Sprinkling Cart Owners Have Been Forced to Grant Higher Wages.

The owners of the sprinkling carts which are used in laying the dust on the streets in this city have petitioned the City Council for a raise of 50 cents per day on each cart. The city has been paying \$2.25 per day in the past.

The owners of the carts, fifteen in number, claim that their men recently struck and demanded \$2.50 a day. This was granted and the owners are now doing the work at a loss.

The request was referred to the auditing and finance committee for consideration.

sidewalk Curtis street, between Nineteenth and Twentieth streets; Fifty-fifth street, between Telegraph avenue and Shattuck avenue, the north side of Fifty-fifth street, between Racine street and Shattuck avenue; Pine street, between Fifth and Seventh streets, Third street, between Market and Myrtle streets, and San Pablo avenue, between Sixty-fifth and Sixty-seventh streets.

The protest against severing East Ninth street, between Fifth and Sixth avenues, was sustained, as the majority of the property owners objected.

RESOLUTIONS.

The following resolutions were adopted: Directing the city engineer to prepare specifications to macadamize Fourteenth avenue, between East Twelfth and East Twenty-second streets.

Rescinding resolution of intention to grade and curb Twenty-second avenue, between East Fourteenth and East Fifteenth streets.

To grade, curb and macadamize Twenty-second avenue, between East Fourteenth and East Fifteenth streets.

To grade and curb Twenty-second avenue, from East Sixteenth to East Seventeenth streets.

To sewer East Fourteenth street, between Ninth and Tenth avenues.

To grade, curb and macadamize Gold street, from Thirty-eighth to Fortieth streets.

To sewer Summer street, from Lawton avenue to Shafter avenue.

Rescinding proceedings to grade, curb and macadamize Alcatraz avenue, from San Pablo avenue easterly.

To grade, curb and macadamize Alcatraz avenue, from San Pablo avenue easterly.

A bill accepting San Pablo avenue, from Fourteenth to Twentieth streets was passed to print, with the provision that the Ransome Construction Company will submit a bond that they will file proposals for doing the unfinished portion of the paving of San Pablo avenue at a reasonable price.

EXTEND SHED. The city engineer was authorized to prepare plans and specifications and submit an estimate of cost for extending the shed on Webster street wharf to the end of the wharf.

The petition that the Oakland Traction Company be requested to repair Alcatraz avenue was referred to the street railroad committee.

The following were referred to the street committee.

A petition to close a portion of Willow street.

A petition to grade, curb and macadamize Forty-first street, from Grove to West streets.

Requests of the Blake and Bilger Company for extension of time to complete the work on Summer street and Occidental street.

The petition to grade, curb and macadamize Forty-third street and Sixtieth, Sixty-first and Sixty-third streets, from Racine street to Telegraph avenue.

The protest against the curbing and grading of Twenty-second avenue, from East Fourteenth to East Fifteenth street, it being claimed that there would be no economy in having the work done.

TO FINANCE COMMITTEE. The following were referred to the auditing and finance committee:

Petition of R. W. Gorrill for an ab-

City Fathers Hear Discussion of Auto Patrol.

An effort was made last night by Councilman B. H. Pendleton to prevent the passage to print of the ordinance which will appropriate \$500 for the purchase of a police auto patrol.

Mr. Pendleton, in addressing the council, stated that the experiment had been tried in other cities, such as San Francisco and Los Angeles, and had been found a failure. He stated that he did not like to see such a large expenditure of money, as he believed that the same money could be used to better advantage in securing an ambulance to be drawn by horses.

Mayor Mott was requested to address the board on the matter as he had taken an interest in securing of the auto patrol wagon. The mayor favored the securing of an electric auto, and not one propelled by steam or gasoline power.

"I investigated this matter while in the east and found that auto patrol wagons are being generally used in the larger cities. I might mention among these Rochester, New York and Hartford, Connecticut. In all these cities the auto patrol has been found to be a success."

"Our wagons are now almost falling to pieces and I think it is right that an auto patrol wagon should be purchased. When the horses and wagon are called out it will probably have to be to all extremes of the city, and the horses become exhausted."

The council voted to pass the ordinance to print.

EQUALIZERS IN SESSION

Expected Action Raising Assessments \$2,000,000 Fails to Appear.

The members of the city council met last evening as the board of equalization of the city of Oakland, and considered a few applications in regard to assessments. The rolls were turned over to the board by City Assessor Breed yesterday.

It was supposed that the equalizers were going to raise the assessments \$2,000,000, but nothing was done in regard to this matter. The board adjourned until this evening, when the report of Assessor Breed on several applications which were referred to him, will be considered.

The application of E. H. Stone, in behalf of his mother, Mrs. Florence P. Stone, for a reduction of the assessment on the property at the northwest corner of Le and Van Buren streets from \$4000 to \$3000, was granted.

The contract price of the place was \$5,973.51. The county board of equalization also granted the request of Mrs. Stone.

WANTS PROPERTY ASSESSED.

H. B. Belder, in behalf of Blanche W. Hall, asked that lots 24 and 25 in block F of the Stanford tract be assessed.

The application was referred to the city assessor.

Other applications which were referred to the city assessor were:

That B. M. Hone's property, lot 5, in Becker's second addition, be assessed at \$1700.

That lot 6, in block 487, be assessed to Mrs. A. Galliano instead of M. L. Wicks and lot 7 in the same block to Ramon A. Merel instead of Wicks.

That lot 8 in the Roosevelt Terrace, belonging to George C. Heifer, be assessed at \$1800.

That the assessment on lots 38, 37 and 38 in the Cordes tract, the property of Douglas J. Hall, be assessed at \$1000 instead of \$1600.

The complaint of E. L. Ford that his property at 1123 East Twenty-second street was wrongly taxed on an old assessment; was referred to the city assessor.

COUNCILMAN MAKES STRIKE IN GOLDFIELD

According to an account in the Goldfield News of Goldfield, Nevada, of last Saturday, an eight-inch vein has been discovered in the Mohawk mine, which assays at \$100.50.

Councilman W. A. Donaldson of this city has an interest in this mine, and he is very much pleased with the news of the rich strike.

struck off title to the property on the northwest corner of Nineteenth street and Telegraph avenue.

Resolution allowing Chief of Police Wilson \$50 to renovate and repair the office of the city prison.

Appropriating \$250 to be used in the renovating of the offices of the Mayor and the Board of Public Works.

School Director F. M. Hathaway was granted sixty days leave of absence.

The Oakland Gas, Light and Heat Company will be asked to lay gas mains in Forty-ninth street, from Shafter avenue to Broadway.

TO RAISE SALARIES.

The resolutions raising the salaries of the sanitary inspector, the assistant sanitary inspector and the milk and meat inspector \$25 a month each, were referred to the auditing and finance committee.

It was ordered that four copies of all the papers, documents and statements of the suit of the city of Oakland against the Contra Costa Water Company, now on file in the city clerk's office, be made.

The Council also granted the Board of Work permission to erect a fence at the corner of Twelfth and Fallon streets to prevent the cutting across the sidewalks by teams.

A resolution ordering work done on Fifth street, between Clay and Washington streets, was passed. This is only a portion of the work that is anticipated will be done on this thoroughfare.

ROOM IS NEEDED

Increased Accommodations Provided for the School Children.

Almost twenty new class rooms will be required this year to house Oakland's increased school population. This was the tenor of a report delivered last night to the Board of Education by the classification committee. The following is the committee report:

"Your classification committee finds it necessary to open four new class rooms in the Grant school, one new room in the Piedmont school, one new room in the Lafayette school, one new room in the Franklin school, one new room in the Washington school, one new room in the Temescal school, one new room in the Tompkins school, one new room in the Perilla school, one new room in the Garfield school.

"Rooms are already provided for the class rooms opened or to be opened in the Grant, Lafayette and Temescal schools.

"We understand that two new rooms will be provided in the Washington school at the same rental we are paying now, to wit \$15 per month, per room.

"In the matter of providing room at the Tompkins school, we would suggest that the two-room building now on the Lafayette grounds be removed to the Tompkins school. We would, however, request that this matter be referred to the committee on school houses and sites for investigation, and that the matter be left in the hands of this committee, with full power to act.

"We would recommend that the matter of providing additional rooms for the classes in all the aforesaid places be referred to the committee on school houses and sites, with full power to act.

"Your classification committee found a great number of children applying for admission to the schools, and we have temporarily, at least, arranged for their accommodation in the basement rooms of the Lincoln school building. We found that it was possible to consolidate one teacher out of the Harrison school. This teacher was transferred to the Lincoln school and assigned to the new class opened in that building."

NECESSARY.

The new rooms are necessary because of the large increase in attendance over that of former terms. Every school building is filled to its capacity and new ones will soon be taken to accommodate the new pupils. A number of extra teachers will soon be appointed from the preferred list to take charge of the new rooms.

At the completion, Professor John Wallace is among the number, and has been recommended as a teacher in chemistry and physics on a half-day schedule at the Polytechnic high school.

Next Friday evening there will be a meeting of the board, at which time the minutes of the meetings of the past six months will be read. This, it is said, will occupy the attention of Superintendent of Schools McElroy for a period of at least two and one-half hours.

LIQUOR LICENSES GRANTED BY COUNCIL

Because the firm of Rudiger, Loesch & Zinkand, which is to start a cafe on Broadway, objected to the granting of a liquor license to Charles A. Newman, who is about to open another cafe in the same block, Councilman Burns last night voted against granting to the former firm a liquor license. The petitioners, however, were given their license.

The following were also granted licenses last night: Michael Shea, 1805 Seventh street; Coa Donovan, 6399 Telegraph avenue; J. H. Wynn and J. V. De Voto, 468 Seventh street; James F. McVey, 1249 Broadway; F. Fione and J. Pezola, 442 San Pablo avenue; Clark & Vojtada, 48 San Pablo avenue; Leon Marth, 109-1091 Franklin street; A. Pagge and G. Barberie, 846 Broadway; A. Barlaschini and S. J. Viganego, 601 San Pablo avenue; Chris De Julio and Antonio Mezzanappa, 1040 Seventh street; Thomas Scanzafra, 1523 Fourteenth street; J. P. De Camp, 218 Telegraph avenue; P. Mangrove, 4864 Telegraph avenue; Fred Stoppenhagen, 4801 Telegraph avenue; Henry Wisking, 879 Washington street; W. H. Campbell Co., 308 Twelfth street; Coa Donovan, 6399 Telegraph avenue; Rudiger, Loesch & Zinkand, 1009 Broadway; Theodore Gier Co., 611-615 Fourteenth street.

The application of Paul Mellett, 821 Broadway, for permission to obtain a liquor license was denied, as it was found that Mellett had been selling liquor to his patrons in small cups.

Permission was granted to Argan & Ashford, 1714 Seventh street, and Young Street, 555 Webster street, to withdraw their applications for liquor licenses.

SIGN BOARDS MUST PAY TAX

An ordinance was introduced into the City Council last night providing that all sign advertisers be made to pay one and one-half cents per annum on every square foot of advertising space that is used, and fixing the minimum tax at \$40 a year.

This ordinance was framed in a large measure to prevent sign board advertising to any large extent. Much complaint has been made to the Board of Public Works relative to such signs.

It being claimed by the objecting property owners, that they are a nuisance.

An ordinance was also introduced, changing and re-establishing the grades of East Twenty-third street, between Thirtieth and Fourteenth avenues.

An ordinance was introduced providing a clerk for the Board of Public Works at a salary of \$125. Another ordinance was introduced raising the salary of the secretary of the Board of Works from \$125 to \$150 a month.

The ordinance which provides that all motor cyclists shall use mufflers on their cycles while traveling through the streets of this city was passed.

The chug-chug of the engines, which grated on the nerves of the councilmen, has thus been tabooed.

The ordinance providing for the construction of a culvert across the boulevard at Lake Shore avenue was passed.
